Workbook 2

Criteria	Ratings				Pts
6. Project Design threshold: 8.0 pts	**9 pts** **SE - other artifacts in addition to well described UML, UI, & database entity diagrams are sufficiently detailed to carry the project through the next semester's final implementation. CMPE - Block diagrams (hardware and system), circuit diagrams and other artifacts are so clearly documented that another team could take over the project without any further documentation.**	**8 pts** **SE - UML, UI & database entity diagrams along with some additional artifacts are well documented. CMPE - Block diagrams (hardware and systems, circuit diagrams and minimal other artifacts are sufficiently documented.**	**5 pts** **SE & CMPE - design is not sufficiently documented and will require additional effort before the project is implemented.**	**0 pts** **No Marks.**	9 pts
7. Project Test Plan threshold: 6.0 pts	**9 pts** **Test plan could be handed over to a separate test team for implementation without any further guidance.**	**6 pts** **Test plan is comprehensive.**	**3 pts** **Test plan does not sufficiently test every stated user requirements and/or system requirements.**	**0 pts** **No Marks.**	9 pts
8. Implementation Progress threshold: 6.0 pts	**9 pts** **Substantial implementation progress has been made since the last workbook**	**6 pts** **Some implementation progress has been made since the last workbook**	**3 pts** **Minimal implementation progress has been made since the last workbook**	**0 pts** **No Marks.**	9 pts
